

Press Release

Thermax Babcock & Wilcox Energy Solutions (TBWES) wins Rs. 339 crore export order

Thermax Babcock & Wilcox Energy Solutions Private Limited (TBWES), a joint venture of Thermax Ltd. and U.S.-based Babcock & Wilcox Power Generation Group, Inc. (B&W PGG), has received an export order from B&W PGG for detailed engineering, manufacturing and supply of selective items for two pulverized coal-fired boilers for an international project. The contract value is approximately Rs. 339 crore.

The contract, booked in the second quarter of 2014, involves detailed engineering, manufacturing and supply of boiler pressure parts, critical piping, pulverisers, plate work for casing, ducts and hoppers. The contract also includes the supply of ancillary items, including valves, dampers, expansion joints and instrumentation items.

Detailed engineering and supply of material are scheduled to be completed within 21 months for the first unit and 24 months for the second unit.

About Thermax Limited: Thermax Limited, a leading energy and environment solutions provider is one of the few companies in the world that offers integrated innovative solutions in the areas of heating, cooling, power, water and waste management, air pollution control and chemicals.
