Press Release

Thermax bags its first EPC power plant order in the GCC Region

Pune, September 13, 2017

The Thermax Group has won a USD 43 million contract from a leading cement company in the UAE for a turnkey captive power plant.

“This is the first EPC order that Thermax will be executing for a GCC (Gulf Co-operation Council) country. We intend to expand our footprint in this region where we have been providing business solutions,” says M.S.Unnikrishnan, Thermax MD & CEO.

The scope of supply includes design, engineering, manufacturing, construction and commissioning of the solid fuel based power plant with 2 CFBC boilers. Thermax also would be supplying emission control equipment and water treatment plant for the project, to be commissioned within 18 months.

About Thermax Limited:

Thermax Limited, a leading energy and environment solutions provider is one of the few companies in the world that offers integrated innovative solutions in the areas of heating, cooling, power, water and waste management, air pollution control and chemicals. Thermax has manufacturing facilities in India, China and Europe. The sustainable solutions Thermax develops for client companies are environment-friendly and enable efficient deployment of energy and water resources.
