As at March 31, 2017, management had reviewed and amended the disclosure for operating segments as required under Ind-AS 108. Accordingly, the operating segment disclosure for the corresponding periods has been revised in the current quarter.

- During the earlier years, the Commissioner of Central Excise, upon adjudication of the show cause-cum-demand notices issued by the Department from time to time for the period from April 1, 2004 till September 30, 2015, has raised various demands of Rs. 1,330.64 crores (including penalty but excluding interest not presently quantified).

These demands are of excise duty payable on inclusion of the cost of bought out items in the assessable value of certain products manufactured by the Company, though such duty paid bought out items are directly dispatched by the manufacturers thereof to the ultimate customer, without being received in the Company's factory. The Company has filed an appeal against the said orders received before CESTAT, Mumbai. Based on an independent legal advice, the Company is confident of the issue being ultimately decided in its favour and accordingly no provision has been considered necessary by the Company in this regard as also for the period thereafter till June 30, 2017.

- During the quarter ended June 30, 2017, the Group has acquired control of a boiler manufacturing facility from Weiss SP.Z.O.O in Poland for a consideration of Rs. 23 crores. This acquisition has been accounted for as a business combination as stipulated under Ind AS 103 "Business Combinations". The purchase consideration approximates to the fair value of the net assets acquired and accordingly no goodwill has been recognised.

- The figures for the quarter ended March 31, 2017 are the balancing figures between audited figures in respect of the full financial year up to March 31, 2017 and the unaudited published year-to-date figures up to December 31, 2016, being the date of the end of the third quarter of the financial year which were subject to limited review.

Press release

Thermax closes Q1- FY 2017-18 with improved order balance, inaugurates manufacturing facility in Indonesia

Pune: August 08, 2017

For the first quarter of FY 2017-18, at the consolidated level, Thermax posted a revenue of Rs. 917 crore, 10.5% lower compared to Rs. 1025 crore in the corresponding quarter, last year. Profit after tax for the quarter was down 11.3% at Rs. 47 crore (Rs. 53 crore). Consolidated Net profit after company's share of loss in Joint Ventures and Associate Company stood at Rs. 40 crore (Rs. 49 crore), down by 18.4%.

As on June 30, 2017, Thermax Group had an order balance of Rs. 4944 crore (Rs.4040 crore) up 22.4%. Order booking for the quarter, at the consolidated level, was Rs. 1919 crore, up 134.9% compared to Rs. 817 crore, last year. (These figures don't include those of the joint venture companies).

The reduction in revenues is because of the lower order carry forward at the start of FY 2017-18. The improved order balance position is on account of a single large order booked during the quarter from an African business conglomerate. Thermax continues to grapple with the challenges in the core sectors of the domestic economy and the sluggish growth in the overseas markets in which the Group operates.

On a standalone basis, Thermax posted a total revenue of Rs.756 core during the quarter, 9.6% lower compared to Rs. 836 crore in the previous year. Profit after tax for the quarter was Rs. 32.4 crore, down 28.3% from last year's Rs.45.2 crore. Order balance on June 30, 2017 stood at Rs. 4530 crore (Rs.3653 crore), up 24%. Order booking for the quarter improved to Rs.1742 crore (Rs.698 crore), up 149.6%.

The company's efforts to expand its footprint in international markets received a fillip when its new manufacturing facility in Indonesia was inaugurated during the quarter.
