CODE OF CONDUCT FOR PREVENTION OF INSIDER TRADING

I. INTRODUCTION

Insider trading means dealing in securities of a company based on unpublished price sensitive information by persons who could be privy to such information, and use it to secure a price advantage, as compared to general investors. Such dealing erodes the investors' confidence in the integrity of management and is unhealthy for the capital markets. With an aim to guard the interests of general investors, the Securities Exchange Board of India (SEBI) had formulated the SEBI (Prohibition of Insider Trading) Regulations, 1992.

On January 15, 2015, the SEBI has notified SEBI (Prohibition of Insider Trading) Regulations, 2015 (hereinafter referred to as 'the Regulations') to replace the earlier framework of SEBI (Prohibition of Insider Trading) Regulations, 1992 which are in place for the past two-decades.

These Regulations came into force effective May 15, 2015 and were made applicable to all Listed Companies. It is mandatory in terms of the Regulations for every listed company to adopt a Code of Conduct for Prevention of Insider Trading for its Directors, Officers, Key Managerial Personnel (KMP), Employees, Designated Persons and other Connected Persons as also a Code of Fair Disclosure Practices.

Regulation 2(g) of the Regulations defines 'Insider' and is quoted below: "Insider"

means any person who is:

- i) a connected person; or
- ii) in possession of or having access to unpublished price sensitive information;

This document manifests the Code of Conduct for Prevention of Insider Trading and the Code of Fair Disclosure Practices ('the Code') to be adopted by Thermax Limited. The Code shall be applicable to Directors, whether Executive or Non-Executive, all Employees and persons holding professional or business relationships with the Company, whether temporary or permanent, Designated Persons and Connected Persons who may reasonably be expected to have access to unpublished price sensitive information in relation to the Company. The Code is based on the principle that Directors, Officers, KMP, Designated Persons and Employees owe a fiduciary duty to the stakeholders of the Company. They should place the interest of the stakeholders above their own and conduct their personal securities transactions, either by themselves or on behalf of others, in a manner that does not create a situation of conflict of interest. Further, the Code also seeks to ensure timely and adequate disclosure of price sensitive information to the investor community, by the Company to enable them to take informed investment decisions with regard to its securities.

Any information that relates directly or indirectly to the Company, which, if published, is likely to materially affect the price of securities of the Company, is considered price sensitive.
